PORT NOTICE

BINTULU PORT NOTICE
No. 20 of 2019
Date: 8th November 2019

To: Shipping Community

Applicable to : This notice is brought to the attention of and not limited to ship manager/owner, agent, master and officer, crew of ships, terminal operator and port operator.

NOTICE TO INFORM THE STATUS OF THE AFRICAN SWINE FEVER (ASF) OUTBREAKS IN THE ASIAN REGION (PORT)

1. Take note that the African Swine Fever Outbreak was first detected in China on the 3rd of August 2008. The outbreak spread to 7(seven) other Asian Countries that are Mongolia, Vietnam, North Korea, Cambodia, Laos, Myanmar and Philippines (Luzon). The outbreak has been detected in the commercial pig breeding and has been confirmed by the laboratory testing.

2. Biosecurity measures such as carrying out baggage checks and hand carry, seizure and aviation abstinence prohibit travellers from bringing pigs and pig-based products to Malaysia through national entrances especially airports, seaports and land roads need to be upgraded and maintained.

3. In addition, the food waste from the ships and airplane must also be disposed of properly by burying in holes and closed and covered with Chlorinated Lime on top to prevent the spread of the African Swine Fever virus through the wild boar that may eat the residual food if not being disposed of it properly.

4. Therefore, no domestic waste from the ship coming from the affected countries will be allowed to be discharged in Bintulu Port until further notice given by the Department of Veterinary Services of Malaysia.

5. Attached herewith is letter from the Department of Veterinary services on the status of the African Swine Fever (ASF) in the Asian region (Port) for your further action.

6. For any other further queries, please call **Mdm. Zuraidah Md. Rais (H/P: 019-8228799)** or **Dr Chuo Hock Tieng, Assistant Director (Regulatory) Department of Veterinary Services Sarawak (H/P: 016-2840918)**

Above notice is enforced with immediate effect until further notice from the Department of Verterinary Services of Malaysia.

SENARAI SEPERTI EDARAN

Y.Bhg Dato'/Tuan,

STATUS PENULARAN WABAK PENYAKIT *AFRICAN SWINE FEVER* (ASF) DI RANTAU ASIA

Dengan segala hormatnya perkara di atas adalah dirujuk.

2. Untuk makluman Y.Bhg Dato'/Tuan, wabak penyakit *African Swine Fever* (ASF) yang pertama kali dikesan di negara China pada 3 Ogos 2008 telah merebak ke tujuh (7) buah negara lain di Asia iaitu Mongolia, Vietnam, Korea Utara, Cambodia, Laos, Myanmar dan terbaru negara Filipina (Pulau Luzon). Wabak penyakit ini telah dikesan berlaku dalam ternakan babi komersil dan disahkan melalui ujian makmal.

3. Sehubungan dengan itu, kawalan biosekurti seperti menjalankan pemeriksaan bagasi dan *hand carry*, membuat rampasan dan pengumuman dalam pesawat mengharamkan pelancong membawa masuk babi dan produk berasaskan babi ke Malaysia melalui pintu-pintu masuk negara terutama lapangan terbang, pelabuhan laut dan jalan darat perlu dipertingkatkan dan diteruskan.

4. Selain itu, sisa makanan dari kapal terbang dan kapal laut juga perlu dilupuskan dengan sempurna dengan cara menanam dalam lubang dan kemudian dikambus dan ditabur dengan *Chlorinated Lime* di atasnya supaya dapat mengelakkan penyebaran virus ASF melalui babi hutan yang berkemungkinan memakan sisa makanan terjangkit dan tidak dilupus dengan sempurna.

5. Segala kerjasama dari pihak Yg. Bhg Dato'/Tuan amatlah dihargai dan didahului dengan ucapan terima kasih.
Sekian.

"BERKHIDMAT UNTUK NEGARA"

Saya yang menjalankan amanah,

(DR. MARZUKI BIN ZAKARIA)
